

STSM HOSTING PROPOSAL

TEENAGERS | PUBLIC SPACES BEHAVIOURS AND THE USE OF TECHNOLOGY

The cooperation between UL/CeiED & LNEC welcomes applications for a STSM in Lisbon for a period of 5 to 15 days in November 2017 or January 2018, to support the analysis of how teenagers (13 to 19 years old young people) use public open spaces, and what is the role of ICT and their devices in the relation of teens with the urban fabric.

The contents should encompass literature review, systematic analysis of responses of an applied questionnaire, interviews with teenagers and drawing conclusions.

Further details how to apply at: <http://cyberparks-project.eu/stsm>
