MOURARIA

An ancient neighbourhood of Lisbon (outside walls),
from XII Century, since the Cristian recon-quest (1147).

The name mean "the place of Moors"

A functional place, where living
people serves the city (agriculture,
merchandise,...)

Some numbers:

- Population (2011): **3116** (0,5% of Lisbon Municipality)
- Families (2001): **1497** (2,08 Persons/Family)
- Buildings (2011): **498**
- Flats (2011): **2139**

It's a place of many communities of immigrants
from India, Pakistan, China, Brazil, ...

Takes an important cultural and traditional value:
The Fado

After this brief introduction we have a challenge to all

By the data given (few) and take advantage (if you want) of internet... please, in an A4 sheet (max.) try to describe *Mouraria*.

*You could use internet and other tools to reach more detailed information ☺
5 minutes to discover and 5 minutes to write... after we will go to the site ☺*

And to complete the challenge... after visit (to deliver tomorrow) could you describe the site.. Again? Thank you.

Let's walk 😊
